Diesel Heater 20.5kw/70kbtu

Model No. 81027

List Price - £279.85

Trader Price
£245.95

Suitable for well ventilated spaces. Fitted with automatic ignition and a photocell safety device. The in-line fuel filter gives reliable operation time and time again while operating on both kerosene and diesel. Producing an impressive 70,000 Btu/hr, the 22ltr fuel tank gives approximately 12hrs continuous running time, making the unit extremely fuel efficient and economical. Carton packed on pallet. Max. heat output - 70,000 BTU (20kW) | Motor - 150W | Air Flow - 310m³/min (182cfm) | Max. fuel consumption - 1.9L/h | Tank Capacity - 22L | Suggested heating area up to 10,000cu. ft | Dimensions - 825 x 365 x 430mm | Weight (approx.) - 13.7kg

Propane Heater 40kw/136kbtu

Model No. 47105

List Price - £147.16

Trader Price
£129.95

High performance propane space burners manufactured with a steel burner assembly. The gas safely ignites by the use of a solenoid thermocouple valve activated by a Piezo push-button ignition system. Each space heater is fitted with a thermal overload protection device ensuring motor longevity. Supplied with 1.5M gas hose, cable and approved plug. Perfect for use in open and semi-open environments like workshops and garages. Max. heat output - 136,000 BTU (40kW) | Motor - 80W | Air Flow - 750M³/h (441cfm) | Max. gas consumption - 2.90kg/h | Suggested heating area - up to 23,000cu. ft | Dimensions - 595 x 260 x 370mm | Weight (approx.) - 6.8kg

Schumacher© Starter 150A/Intelligent Speed Charge Battery Charger

Model No. SCI90S

List Price - £214.95

Trader Price
£149.95

- Powerful 20A output microprocessor controlled battery charger suitable for batteries up to 230Ah.
- Digital display and 150A engine start function, makes this unit ideal for every workshop.
- Speed Charge technology maximizes charge input. Unit is self-adjusting with variable charge rates to ensure shortest possible charge time while minimizing the risk of gassing and damage to the battery.
- Charges 6V or 12V batteries 3 times quicker than conventional battery chargers.
- Dedicated charging programmes for AGM/GEL, conventional, leisure and stop/start batteries with fully automated charging algorithms including de-sulphating mode.
- Deep discharge battery programme to help the recovery of deeply discharged batteries.
- Charge rate selector allows the operator to override the standard charge rate and choose a soft-start programme for very cold batteries, which also enables the charging and maintenance of small batteries.
- Fast charge programme for larger batteries.

Jerry Can 20L

Model No.	Description
